

## **BACKGROUND**

---

Progressive and steady policy in Ghana's Tourism industry over the years has resulted in significant gain in revenue & receipts. Having recorded an annual growth rate of 12pc over the past decade (thereby becoming by far, the fastest growing sector of Ghana's economy and a major contributor to the GDP), it also augurs good potential for the future: a good reason for innovative planning.

This positive indication continues to spur the private sector on in blazing trails, exploring new frontiers as well as developing existing attractions (site & event) within Ghana, in order to prop up the local tourist product. As these take place, holidaymakers & business people from across the globe are lured and beckoned to what this safe haven has to offer, and their response gives credence to the theory that the world's lesser-known areas should fast become the 'in-thing' for the discerning traveler.

SEASONS TRAVEL & TOURS (ST) has made interesting headway in travel retailing within a remarkably short timeframe. The potential for growth in similar leaps and bounds within the establishment in Tour Operation is obvious, and since Travel retailing and Tour Packaging/Sale move in tandem, there is a clear green light for a move to develop and maintain a quality product coming out of one of the country's top service providers. Such success is however admittedly, the result of careful and often painstaking research. Excellent markets exist for what is new and exciting, some of which are closer than would be expected.

## SEASONS TRAVEL & TOURS

### (A) CONDITIONS OF CONTRACT

#### - BOOKING CONDITIONS

A deposit of 50 percent of the total Tour Price needs to be paid in order to fully confirm your reservation. Final payment must be made one calendar month before the Tour commences. Bookings made inside six weeks of start of Tour will attract pull payment, once confirmation is received.

#### Unused Services

No refunds can be paid for unused or partially-used services during the Tour.

#### - CANCELLATIONS

#### If We Cancel

In the event that SEASONS cancels a Tour due to uncontrollable circumstances or due to too few participants, a pro-rata refund of all payments – if applicable after departure – will be made, which refund will constitute a full and final settlement of any obligations by the Tour Operator &/or Agents, to Tour Participants.

#### If You Cancel

Number of days before Tour starts	You will pay/forfeit
61 + days	USD 200
45 – 60 days	50% of trip price
30 – 44 days	60% of trip price
15 – 29 days	80% of trip price
0 – 14 days	no refund

**- HEALTH**

Your health is our prime concern while you are visiting Ghana, and also after you have returned home. Generally, Ghana is safe and free from most of the dangerous diseases reminiscent of decades gone by, but it is always best to take precaution. At least six weeks prior to leaving home, it is a must that you take some form of anti-malaria drug or prophylactic (please see your physician for the best advice). While in the country, it is important to drink bottled water only (abundantly available for sale in shops, chemists, hotels et cetera), and to desist from eating unwashed vegetable or fruit. Always wash your hands before and after a meal. While on Tour, ST provides easy access to a Physician, in the hopefully unlikely event that someone should require one.

**- LIABILITY**

Your Tour contract is with SEASONS TRAVEL & TOURS or SEASONS or ST. We have made all efforts to ensure that ground transportation, internal flights, meals, beverages, accommodations, pricing et cetera will be as indicated in all our promotional material. ST reserves the option to subcontract all or parts of the purchased Tour, in which event, third parties will be responsible for any acts of omission or commission. ST therefore cannot be held for any claims, losses, damage, costs, or expenses of any nature arising out of injury, accident or death, loss, damage or delay, which may be caused by third parties. ST reserves the right to alter or cancel any services purchased due to unforeseen circumstances, bad weather, natural disasters inter alia. Should we be unable to provide a service as advertised, we will make substitutions equal in standard that what has been paid for, or refund the appropriate difference in the event a lower alternative is used.

**(B) TOUR PACKAGE INCLUSIONS/EXCLUSIONS****- INCLUSIONS**

**Accommodation:** ST guarantees elegant & comfortable Hotels, Guest Houses or Lodgings throughout the Tour. Accommodation is generally based on double occupancy of twin or double-bedded rooms or tents with shower/bath, but this may change slightly as the Tour dictates, especially on Adventure Packages. ABA HOUSE, operated by Cultural Collaborative, Inc., is suitable for guests seeking

direct participation in cultural activities and lectures. It exists in a home environment where the guest has the freedom to associate with townfolk living nearby.

A slight adjustment may be made to rates in case of a Single Room Supplement. Accommodation goes with breakfast.

**Transport:** We use Luxury air-conditioned mini buses, coaches or saloon cars with Driver & Tour Guide/Tour Leader. Where applicable, inland air and/or water transport is included in the Package.

**Meals:** Most meals & drinks are included in our Packages including snacks while on Tour. Traditional as well as local Ghanaian and Nigerian dishes are served alongside other International & Western Dishes. Where indicated or if not part of the Tour Package, certain meals and some drinks are paid for direct by the client.

**Entrance Fees:** Entry into Parks, Museums, Castles, Special Events as pertain to the Tour Programme.

**- EXCLUSIONS:**

Meals & Drinks outside of what the Package caters for. Use of telephone or any other communications device. Trips outside of scheduled Itinerary-based ones. Other items of purely personal nature.
